**Research Questions**
- What are the potential impacts of cultural factors on CBA practice?
- How can CBA be adapted to consider cultural perspectives and values?
- What role can CBA play in promoting cultural awareness and sensitivity in decision-making processes?

**Research Approach**
- Literature review: Examining existing research on cultural perspectives in CBA.
- Case studies: Analyzing specific projects that incorporate cultural considerations.
- Expert interviews: Consulting with cultural and decision-makers to gain insights.

**Culture**
- Traditional values and practices
- Language
- Social norms
- Identity
- Geography
